"The young people who apply for places at College House do so because they intend to make a difference in the world.

They may not understand, precisely, how being at College House will help them become who they want to be, but they sense that it will."

Live Study Achieve

At College House, everything is in place to help you make the most of your first two years at UC and go on and achieve everything you hope for in life.

A mix of returning and first year students who come together to enjoy academic success, have fun in a broad range of social, sporting and cultural activities, and make life-long friends.

We start by providing you with a home away from home. A spacious, well-appointed, warm and comfortable room in a House of 15 rooms each with a unique identity. Superb food and plenty of it. Excellent sport and recreation facilities. All within a few minutes' walk of UC.

Then, we support your academic success, with switched-on tutors who will help clarify difficult concepts so you can confidently apply knowledge in a range of contexts. They will also help with specific topics, broaden your perspectives and generally help you master university studies.

You'll make friends. You'll have fun and you'll feel as though you belong. You'll have a support crew: at CH, people get to know and look out for each other and work together to ensure everyone does well.

But here's the real reason you'll choose CH.

Because here, you'll be part of a culture and community of students who demonstrate the passion and purpose to be successful in life.

If you're accepted to CH, it'll be because we can see that you have the potential to be a future influencer and/or leader.

Returner students are leaders; they help pass on the CH values and traditions, organise a comprehensive programme of social events and activities, and provide outstanding peer support.

And so that is how we'll treat you. Not as a 'university student' needing somewhere to stay, but as a unique individual, someone destined to make a difference in the world.

While UC is expanding your mind, we'll be extending you personally. Presenting opportunities, exposing you to new ideas, introducing you to some of New Zealand's most successful people. You'll develop through all your interpersonal relationships and experiences you are exposed to.

Our job, at College House, is to set you on your path to becoming everything you aspire to be.
